OUTLINE

- Executive Summary
- Introduction
- ¹ᵥ¹ethc lology
- Results
  - Visualization - Charts
  - Dashboard
- Discussion
  - Findings & Implications
- Conclusion
- Appendix

EXECUTIVE SUMMARY

- Data contextualization and analysis goal.
- Methodology description.
  - Data gathering.
  - Data analysis.
  - Data visualizations.
- Results presentation supported with graphs and
- Discussion of overall findings and implications re the results previously exposed.
- Final conclusions of the carried out research.

INTRODUCTION

- Stack Overflow's annual Developer Survey is the and most comprehensive survey of people who around the world.
- Results don't represent everyone in the develop, community evenly.
- Nearly 90,000 developers.
- Trends to predict where the developers are goin
- Characterization of developers around the globe

METHODOLOGY

- Collect survey data & explore its content
  - Web Scraping
  - APIs.
  - Request library.
- Data Wrangling
- Exploratory data analysis
  - Analyzing data distribution.
  - Handling outliers.
  - Correlations.
- Data Visualization
  - Highlight distribution of data, relationships, the compc comparison of data.
- Dashboards
